Senior Consultant - Community Processes / Comprehensive Primary Healthcare

National Health Systems Resource Centre (NHSRC) has been set up under the National Health Mission (NHM) as an autonomous registered society, to channelize technical assistance and capacity building support to the states for strengthening the public health system. The NHSRC is also mandated to contribute to health policy / programme design and evaluation.

If you have a commitment to health equity and excellence, here is a unique chance to work with a team committed to shaping the public health landscape in India. The position offers you an opportunity to participate in the process of strengthening health systems, improving health service delivery and enabling positive health outcomes, through hands on implementation assistance at national, state and district levels. Working with a trans disciplinary team, you can discover, adapt, co-create and disseminate solutions to multiple challenges related to service delivery systems, universal primary health care, human resources for health, community processes, health financing, quality of care, public health planning and health promotion. This is an opportunity to support health systems strengthening at scale, learn from district and sub district implementation, undertake knowledge translation, and enable realization of the vision of universal health coverage.

The position is specifically for the requirement of Senior Consultant - Community Processes / Comprehensive Primary Healthcare, purely on contractual basis.

Roles & Responsibilities:

- Provide Policy and Programme support for Community Processes (CP) and Comprehensive Primary Health Care (CPHC) as required at National and State Levels
- Support State Level Technical support for CP and CPHC, guide and support State Counterparts and programme implementation.
- Undertake periodic field visits to states and districts to review programme implementation in the States, identify implementation challenges and support districts/states in charting appropriate solutions or enable linkages with appropriate public health/research/academic/technical/support institutions for technical support on CP/CPHC at the State/District Level.
- Undertake analytical documentation of field review visits from different states to inform implementation and programmatic and policy changes as required.
- Develop study / evaluation protocols, undertake and guide studies pertaining to- baseline measurements, operational research and impact assessments for improving design of CP and CPHC interventions.
- Contribute in writing programme specific operational guidelines; undertake research to write technical and policy briefs, training material, reports, case studies, monitoring checklists/protocols etc.
- Identify best practices and innovations within states and districts and support states to document and upload these on innovation portal for dissemination to other states/districts implementing CP and CPHC.
- Support and supervise systematic collection, documentation and presentation of information regarding CPHC and providing inputs to the decision makers.
- Support to identify, develop and support Innovation & Learning Centres or field demonstration sites as laboratories for demonstration and for peer learning.
- Undertake interventions for action on environmental and social determinants.
- Mentor consultants in the team and provide support to NE-RRC
- Undertake such other assignments, which may be assigned by from time to time by the Advisor of the Division and Executive Director

Qualifications & Experience:

- Possess MBBS / BDS with PG Diploma in Public Health
- Have at least 5 years of post-qualification experience in implementing and supporting community health and primary health care programmes
- Experience in working with health systems in the public health system and research would be highly desirable
- Excellent communication and presentation skills, analytical and interpersonal abilities, excellent oral and written communication skills in English. Working knowledge of Hindi also desirable.
- Demonstrated ability to work in a multi-disciplinary team.
- Formal Educational Qualification and experience requirement could be relaxed for exceptional candidates and for those with relevant experience
- Candidates found suitable for other positions within NHSRC would also be considered.

Age Limit: 50 Years (As on last date of receiving applications)

Location: New Delhi with extensive travel to states and districts.

Remuneration Range: Rs. 99,000/- to Rs. 1,43,000/- per month

**Fee offered within the band will be commensurate qualification and experience*

To Apply: Candidates are requested to download the application form attached with the TOR, which is uploaded on the NHSRC website and email the duly filled application form to recruitment.cp.nhsrc@gmail.com by **19th December 2019**.
