1. Introduction about project

PMNDP portal is a comprehensive web based application which supports system to closely monitor real time data transfer from dialysis facilities to central server of MoHFW. The Pradhan Mantri National Dialysis Program is part of the National Health Mission (NHM) for provision of free dialysis services to the poor. The Guidelines for Pradhan Mantri National Dialysis Programme envisages provision of dialysis services under NHM in all the districts of the country.

2. About User Manual

The User Manual contains all essential information for the user to make full use of the information system. This manual includes a description of the system functions and capabilities, contingencies and alternate modes of operation, and step-by-step procedures for system access and use.

3. User of the applications

The application has three modules at present:

National Module

State Module

Facility Module

The PMNDP Portal can be accessed through https://pmndp.nhp.gov.in

4. Step wise Process

4.1 Login Page

Step- 1; Enter URL as <u>https://pmndp.nhp.gov.in/frontend/login</u> or click on the login button on the Home Page

Ministry of Health & Family Welfare Government of India	Pradhan Manti	ri National Dialysis P	rogramme (PMNDP)
